

'Tis Better to Give *and* To Receive

Promote art and receive art along with a full tax deduction

Brookgreen Gardens on Pawley's Island, S.C., holds the most comprehensive collection of figurative sculpture in North America from the 19th Century to today.

With much joy I can announce that their Board of Trustees recently accepted my life size **Whistling St. Francis** into the permanent outdoor collection.

This is a great honor and I wish to share this moment with collectors and appreciators of fine art. Therefore I am requesting interested parties to donate \$1000 or more if desired, as a gift to Brookgreen Gardens for acquiring and placing this work in a setting being readied for this installation.

Your 'gift' comes with a full tax deductible certificate issued by Brookgreen Gardens. Also, honoring your participation, I will personally offer you a limited edition bronze of **River Otter** or **Buddhafull Frog**, a value of \$650 for any contribution of \$1000 or more.

Please make your check payable to:
Brookgreen Gardens

Complete this form and mail with check to:
Leo E. Osborne, 5166 South Shore Drive, Anacortes, WA 98221

Your bronze will be shipped to you by me or one of my gallery representatives and I will forward your check to Brookgreen Gardens for you to receive their tax documentation.

Choose One:

Buddhafull Frog
